2. The sources of income to the temple are very limited, the Inam lands are used by the archak for his maintenance and the Cash grant of Rs 26 3-0 per year is used for Padittavu expenses. So, in order to raise the amount required, the public suggest that ~~extend~~ to levy fees on Cattle etc during the jatra of the temple

3. This question has been discussed in the Dasara Representative assembly and also in District Board by the representatives of the taluk, ~~the~~ ~~majority~~ of which and they have come to a Conclusion to hold a Cattle show annually at yeddur at the time of the jatra in question

These fees are generally levied on the ground that the people are ready to pay as their contribution towards the Temple & Vessels. The Local Boards Branch will not object; but on principle I do not think that they are entitled to be consulted.

As the land on which the cattle assemble and the shops are opened is said to be private holding, it is doubtful whether any fee can be levied as proposed. 52) The Jatra is said to commence about the 20th April this year and the Sub Conl. Solicl. says sanction for the levying fees on cattle and sheep during the Jatra. The opinion furnished by Bo. IV seems to be somewhat misleading and ~~conflicting~~. In the present case the Local Dist Board have been consulted and they have resolved that a cattle show may be held at the time of the Jatra, the cost being met partly from the fee collection and partly from the District funds. It seems to be therefore unnecessary to consult the District Board again. If approval previous may be granted for the levying of fees on cattle exhibited and on sheep established. To begin with half the rates obtaining at Puri would be sufficient. The holding of a cattle show is a matter which may be considered to be within the special province of the District Board. It is best established after a few years experience of the class of cattle collected and the usefulness of such a show. If a grant has to be made for the purpose from the temple collections, a special recommendation on this behalf from the Dist Board may be awaited

In his letter no 717 dated 29 26th July 1910 the Dy Comr has submitted an elaborate scale of fees to be levied for the various class of shops and he also proposed that the fee for cattle should be at the rate of 2 annas per pair of cattle (which is half the Mandi rate). It is a matter for consideration whether the Dy Comr's scale should not be accepted as a whole. The Mandy rate will be felt as somewhat stiff and as the present date has still to become popular it is submitted that a few years annas maybe adopted to start with. This is the rate which is levied at Gudiam (Vavaguti pale) ~~and Palakagiri town~~ fully in the Kolar District. If this suggestion is approved the draft will be finally altered

Letter No.533 dated 13th February 1910, from the Sub Division Officer, Malur Sub Division, to the Deputy Commissioner Kolar District.

I have the honor to report that the ancient temple of Sri Kodandaramaswamy at Yeldur, Srinivaspur Taluk, which is Muzrai Institution is badly in need of repairs. The state the outer stone walls is such that attention must immediately be paid to them, they being cracked in some places and bulging out in others by the side of public roads. If they are not immediately repaired, they may be a source of danger to the public. The repairs which it is necessary to effect immediately are expected to cost more than Rs.500/-, but the temple does not possess any ready cash, its inam lands being in the possession of the Archak as his Manyam and the monthly cash grant of Rs.2-0-0 being spent as Deeparadhane Kanike. Consequently means must be devised for raising the sum necessary for meeting the expenses of the repairs which have to be executed immediately.

It has been suggested by the residents of Yeldur that permission can be got for the levy of an impost of 0-2-0 per pair of bullocks that might come there at the Car Festival which would be celebrated this year on 24th April (Chaitra Sudha Full Moon) and also for the levy of a toll on shops that might be temporarily opened at the time of the Car Festival, they would be able to collect Rs.700/- (there are about 4000 or Rs 250 loading shops to think that 4000 pairs of bullocks might be brought to Yeldur for the Festival. The people of the Yeldur Hobli and of some other stations who I consulted at the Jamabandi time approve of this proposal. As the levy of such fees is not likely to be felt by the public as a serious drain on their resources and as the collections will go a great way towards helping the finances of the temple, I have the honor to request that you will be so good as to move the Govern

(5)

to accord their sanction to the levy at Yeldur under Government supervision on the occasions of the Car Festival commencing from 1910, of a fee for bullocks as stated above and for shops at the rates specified in the schedule hereto appended.
